Saurabh Jaybhaye

MERN Stack Developer | Full Stack Developer

📍 Pune, India | ✉ saurabhjaybhaye05@gmail.com | 📞 8275108858 | 💼 [Portfolio](#) | 🔗 [LinkedIn](#)

Profile Summary

Results-driven **MERN Stack Developer** with **2+ years of experience** in designing and developing scalable web and mobile applications. Proficient in **React.js, Redux, Node.js, Express.js, MongoDB, SQL and Docker**. Passionate about writing clean, optimized code and improving application performance. Experienced in **cloud deployment (AWS), authentication (JWT), and API integrations**. Seeking an opportunity to contribute technical expertise to a dynamic development team.

Technical Skills

- **Frontend:** React.js, React Native, Redux Toolkit, TypeScript, Bootstrap, Sass
- **Backend:** Node.js, Express.js (FastAPI - in progress)
- **Databases:** MongoDB, MySQL, PostgreSQL
- **DevOps & Cloud:** Docker, AWS (currently in progress)
- **Version Control:** Git, GitHub
- **Authentication:** JWT

Work Experience

Opcito | Associate Software Engineer

📍 Pune, India | 📅 Nov 2022 - Present

- Developed and maintained highly scalable **React.js** applications, reducing page load time by **30%**.
- Built reusable **React components** to enhance UI consistency and efficiency.
- Integrated RESTful APIs with frontend applications, ensuring **smooth data flow and optimal performance**.
- Implemented **Docker containers** for application deployment, streamlining DevOps workflows.
- Managed state efficiently using **Redux Toolkit and Context API**.
- Deployed applications to cloud platforms like **AWS**, ensuring uptime and performance.
- Collaborated with cross-functional teams using **Git for version control and Agile methodologies**.

CognitQ | Software Developer Trainee

📍 Pune, India | 📅 May 2022 - Nov 2022

- Developed responsive web interfaces using **React.js and Bootstrap**, improving user engagement.
- Designed and implemented **RESTful APIs** using Node.js and Express.js.
- Optimized **database queries** in **MongoDB and MySQL**, reducing query response time.
- Ensured **secure authentication and authorization** using **JWT and OAuth**.

Projects

NPX Lib (react-pro-start-js): Link

- Developed and maintained a professional **React boilerplate** for rapid app setup with **Redux Toolkit**, **Tailwind CSS**, and **TanStack React Table** for efficient development of complex applications.
- Preconfigured essential tools such as **Axios** for HTTP requests and **React Router** for navigation, streamlining the development process for teams.
- Implemented **Vite** for blazing-fast development and hot reloads, improving developer productivity and project delivery speed.

Rise-Togher

- Contributed to the creation of **Rise-Togher**, a gamified upskilling platform that drives user engagement and professional development within organizations..
- Designed and implemented features like **leaderboards**, **reward systems**, and **goal tracking** to gamify the learning experience, motivating users to actively participate in skill enhancement.
- Fostered a culture of growth and collaboration by integrating goal-oriented tracking and personalized development features into the platform.

Resource Hub

- Developed front-end features using **React JS**, **Redux Toolkit**, **Sass**, **useFormik**, and **Bootstrap** for a responsive and dynamic user experience.
- Implemented **role-based access control (RBAC)** to manage user permissions, ensuring secure access to business resources.
- Created a centralized repository for business information, improving resource management and streamlining access control.

Education

MGM's JNEC (Jawaharlal Nehru Engineering College)

 Computer Science | **CGPA: 8.18** | 2019 - 2022
